25X1

Comment. The information that construction work at Tutow airfield, formerly done by the Baumion Wismar, was taken over by the Baumion Branddenburg in October 1953 is correct.

Bureau is in charge of technical work standards.

Comment.

at Tutow airfield is scheduled to be 2,100 to 2,200 meters long, 60 meters wide, with a 20-cm concrete cover.
